

Certain documents or portions of documents related to this training may be exempt from disclosure under the California Public Records Act on one or more of the following grounds:

- a. They are records dealing with security and safety procedures that are exempt pursuant to Government Code Section 6254(f). (Northern California Police Practices Project v. Craig (1979) 90 Cal.App.3d 116, 121-122.);
- b. They are materials for which the City of San Rafael does not hold the copyright or have permission to publish.

Where exempt material can be reasonably segregated from nonexempt material in these records, the exempt material has been redacted and the nonexempt material is shown. Where it is not reasonably possible to segregate out the exempt material, the Department is withholding the entire document from disclosure.

Memo to all police departments using Richmond IPSC range:

I'm concerned that some of the various departments are not fully observing the range procedures and safety rules which are in effect at the club, so I'm attaching a revised procedure outline and will be calling each of you next week to verify receipt and agreement regarding them. Please review the attached procedures and make sure that your people follow them strictly.

Thanks very much,

*Tom*
