**INTER-OFFICE MEMORANDUM**

**DATE:** 11/13/95  
**TO:** P. ROBERT KROLAK  
CHIEF OF POLICE  
**FROM:** OFFICER JOHN COEN  
TRAINING MANAGER  
**RE:** 95 / 96 PHASE 2  
FINAL REPORT

*Handwritten signature and date: 11/13/95*

On 11/08/95 the SRPD training unit completed the 95 / 96 Phase 2 training block. Attached is the attendance roster for this block of training. This phase of training covered the following topics;

- 832 PC Handgun qualification course.
- Low light course of fire.
- Flashlight course of fire.
- SDAT review of Wrist controls, Nerve stimulation, Personal weapons.
- POST video on Interrogation / Confessions- Legal Issues.

We have not covered Low Light / Flashlight training for some time. Based on this course, more training in this area will be developed. Most officers did well during this block of training, but some needs were addressed for future training.

In regards to the weapon inspection prior to training, it appears a need to reemphasize the importance of a clean weapon needs to be done. Eight officers had what we classify as a dirty weapon. That number was quite a bit higher then in past classes. No distinction was listed as to the reason why the gun was not cleaned [ Not cleaned at all, or, not cleaned completely ]. The officers are listed below;

[Redacted list of officer names]

During the courses of fire, one weapon malfunction occurred with Cpl. Guidi's handgun. It was taken out of service to be repaired.

Our next phase of training will begin on Nov. 27, 1995.

## INTER-DEPARTMENT MEMORANDUM

DATE: 10/17/95

TO: P. ROBERT KROLAK  
CHIEF OF POLICE *PK*  
*10/24/95*

FROM: OFFICER JOHN COEN  
TRAINING MANAGER

SUBJECT: 95 / 96 PHASE 2 TRAINING SESSION

### COURSE:

The 1995 / 1996 Phase 2 training session will consist of three segments:

Firearms training will first cover a two hour block of instruction on practicing how to remove, inspect, and return the Ruger Mini-14 Rifle to the patrol vehicle. There will then be a three hour course of fire on Low Light / Flashlight use in dark or low light situations.

SDAT training will cover a two hour review of Nerve Stimulation, Wrist Controls, and Personal Weapons.

POST Telecourse video on Interrogation / Confessions- legal issues.  
[ Dated 08/10/95 ] Film length is 2 hours.

### JUSTIFICATION:

The Firearms section of training will accomplish two things. First , it will give the officer a chance to practice removing, inspecting, and replacing the Ruger Mini-14 Rifle in the patrol vehicle. Second, the officer will practice a course of fire in which they are shooting under low light conditions. As we are aware, most officer involved shootings occur during the evening hours when light is limited.

The SDAT block of instruction will help the officer to review and practice techniques that are currently taught and used on the street for officer safety.

The P.O.S.T. Telecourse video will update the officer on current laws and guidelines relating to Interrogation and Confessions.

### OBJECTIVES:

The Firearms objective of this phase of training is to allow the officer to train and practice their shooting skills in Low light or Limited light situations. To show the officer the restrictions that occur when shooting at night, or in low light situations.[ Example, you are in a house with the power turned off ] Additionally, to demonstrate to the officer his/her strengths and limitations relating to mental judgment, personal physical ability, and available equipment, while shooting under these circumstances.

## **LOGISTICS:**

The Firearms section of training will be held at the Bullseye Range, from 0700-1200. All ammunition will be purchased at the range. The courses of fire will require each officer to shoot approx. 150 rounds.

The SDAT section will be held at the San Rafael Rec. Center on B street, from 1300-1500. Mats will be provided by the center. SRPD will supply a TV for viewing the POST video telecourse.

## **INSTRUCTION:**

### **0700-0900**

Instruction on the removing, inspecting, and replacing of the Ruger-mini 14 Rifle from the patrol vehicle. All officers will practice this function atleast twice. All officers will be given a copy of the Procedures to take with them.

### **0900-1200**

#### **EACH COURSE OF FIRE WILL BE REVIEWED BY AN INSTRUCTOR.**

- 1] Shoot the 832 PC handgun qualification course. [ 36 rounds ]
- 2] Practice the technique for holding a flashlight while shooting.  
[ dry fire, then 10 rounds ]
- 3] Low light course of fire. [ 48 rounds ] 3, 7, 10, 15 yard line.
- 4] Flashlight course of fire. [ 48 rounds ] 3, 7, 10, 15 yard line.

### **1300-1500**

Warm-up.

SDAT review of Wrist Controls:

Come along  
Rear wrist control  
Front wrist control  
Bar arm  
Arm lock  
Combination of controls

Nerve Stimulation Techniques:

Mastoid  
Sterno-mastoid  
Saliva gland  
Clavicle  
Arm pit

Personal Weapons:

[ Fits into the Use of Force chart similar to the baton ]

Hand  
Elbow  
Knee  
Foot

### **1500-1700**

P.O.S.T. Video Telecourse: [ 2 hours ]

Confessions / Interrogations- legal issues

## **PRACTICAL APPLICATION:**

All officers will be required to participate in all segments of this training block. They will be practicing techniques that can be used on the street for officer survival. An instructor will evaluate how the officer is progressing with each section being taught.

## **TESTING:**

Officers must qualify on the 832 PC Handgun qualification course. With the other courses, additional training will be recommended on an individual basis, if needed.

**SIGN-UPS:**

Posted in the patrol briefing room. Each bureau is responsible for signing up their personnel.
